## **Rigger Level 1 and Signal Person:**

This day of training is for individuals who work under the supervision of a competent person and on a routine basis perform rigging work engaged in lifting loads other than rigging for special lifts, or the erection, dismantling, jumping or reconfiguring of cranes or all of these.

This person is also trained to communicate guidance and direction to a crane operator in lifting, hoisting, moving, or releasing a load.

*This course meets the training requirements in order to comply with COMAR 09.12.26 Crane Safety. Participants will learn to prevent incidents that result in property damage, injury, and death, related to the rigging and signal-person duties of operation of cranes when used in construction, demolition, and maintenance.*

**Universal Safety  
Concepts**

*"Safety is Good Business and  
the Moral Thing to do".*

## **Rigger Level 1 and Signal Person:**

### **Objectives:**

Upon completion of this training

employees shall be able to demonstrate specific knowledge of the following:
