RONALD H. BOYER

OBJECTIVE

To utilize my experience as a construction Laborer, Operator, Welder, CDL truck driver, and Foreman within a company where opportunity for growth is available, and future advancement is possible.

SUMMARY OF QUALIFICATIONS

Hard working - conscientious, and intelligent worker interested in obtaining employment as a construction Manager or construction Foreman. Extremely skilled in planning and execution of special projects during time critical environments. Extensive knowledge/experience in direction, coordinating, and exercising authority for planning, organization, control, and completion of projects. Conducted critical inspections on job sites and provided reports detailing, if any, issues found.

Very skilled at analyzing and implementing daily projections/goals and quick problem solving skills to used to initiate and maintain those goals. Whether they may be safety issues/crew management/or production/laborer related issues - I get them resolved in a quick, proficient, and conducive manner.

Crew leadership/manager skills: This includes materials, special orders, time sheets, and time management skills within the line crew. Experience in maintaining, managing, and conducting performance evaluations, skill assessments, and corrective action implementations.

Ability to read plans, shoot grades, and lay out project goals. Extensive knowledge of OSHA and HAZMAT criteria. OSHA certified.
